

MOUNTING BRACKET TECHNICAL DRAWING

Part Number: MB-001

Material: Steel, Grade S355

Finish: Powder Coated

Tolerance: $\pm 0.1\text{mm}$ unless specified

DIMENSIONS:

Overall Length: 140mm

Overall Width: 90mm

Thickness: 20mm

Mounting Holes: 4x M8 (8.5mm diameter)

Center Hole: 1x M12 (12.5mm diameter)

SPECIFICATIONS:

Load Capacity: 500N static load

Operating Temperature: -40°C to $+100^{\circ}\text{C}$

Compatible with servo motors up to 100Nm

Vibration dampening pads included

NOTES:

- All edges to be deburred
- Surface treatment: Powder coating RAL 7035
- Mounting hardware not included
- Suitable for indoor and outdoor use

Drawing Scale: 1:1

Date: 2024

Revision: A
